The Mistry World

Introduction

This is the first time mixing up two world class books. One is the world most

popular magical story book. It is HARRY POTTER. In other hand world most popular astonishing book. It is BLINK. This book include Harries adventure on space.

Chapter one

Harry Learn About Engines and Rockets

It was a wonderful day. Harry and Ron went for they class. After few minutes teacher came for the class. Everyone surprised because the teacher didn't come for teach magic.

“Who are you?” Ron asked.

“I'm here for teach you about new subject called Rocket Science also known as Rocketry.” Teacher answered.

“So, Sir can you please introduce about you?”

“Ok, My name is Rodrigo. I'm a scientist of NASA. I'm work in SpaceX.” Teacher answered

1.

“Sorry, sir What is NASA and SpaceX?” Harry asked.

“NASA is short form of National Aeronautics and Space Administrator , SpaceX is the project of making a rocket that can be land.” Teacher answered.

“Sir can you please draw a picture of a control panel of a rocket.” Harry asked.

“Ok, this is a photography of a rocket control panel.”

2.

The period was end. Teacher goes outside of the class.

“Hey Harry, it was grate, no?” Ron asked but harry was not there.

This is magic using period but Harry not at class. Ron informs the teacher. The teacher straightly goes for the library. Harry was there.

“Why you cutting periods?” Teacher asks grumpily.

“I like to read astonishing books” Harry said.

There was a new student called VIRAJA. He was a great author. So, he has much books.

“Hey Harry, I have a book of rocket science.” Viraja say.

Next day, Viraja sits near Harry. They talk about all the things they like. The class teacher says there was rocket science exam on next day. All the students were fringed. Other than Harry and Viraja. The exam was start. Viraja finished the paper with in 1 hour. All are surprised. Harry wrote answers with in 1 and half hour. The exam was end. Next day, they have marks. Harry and Viraja score the highest marks. It is 95%. So, they coalify to all island Olympiad pool. The squad selection on next day. They wrote the exam. Again, their marks were same. This time 100% marks. Next month they have international Olympiad test. So, they work hard. They two goes to library everyday. They read all the books about rocket

science. Before the exam they have a new principal to Hogsmade school. He is Vidath.

He is the best principal in the world. He is a friend of Viraja.

5.

Chapter three

The Exam

It was the day in which they had the exam. Harry wrote the paper but, he wrote many wrong answers. He understood it after the paper. Viraja wrote correct answers. Day after the exam they had the marks. Viraja got 100% marks. So, he is 1st place. Harry was 10th place. They had selected as world youngest NASA scientists. Because, they only 12 years old. They stopped their studies. In next month they meet the CEO of NASA Prof.Chathura. There Viraja meets his friend Adeesha. He was a great scientist. Viraja works in Chatura's team. Harry works in Adeesha's team. There was the best place to do a job. They were rich in one month. The salary of Viraja is \$10000. Harries salary was \$11000.They brought a new car. It is BYD Yongwang U9.Price is \$300,000.

The First Mission

After two months there was a meteorite. That mission goes to new members of NASA. As a new member of NASA this mission goes to Harry and Viraja. After one day they have to go the space and destroy the meteorite. They went for that dangerous mission. They fix a nuclear bomb on meteorite. They went from meteorite. They landed to NASA space center. The meteorite was destroyed. They were best officers in NASA. They got Nobel reward.

7.

Chapter five

The Research

They had got a soil sample of destroyed meteorite. They do researches on it. Finally they got the result of the research. Viraja organized a meeting to introduce the research.

“Good morning! Now, I’m going to introduce the research result. As the result the meteorite is a consist of Cheese, Chicken and butter. So, it is apart of mistory world.”

After the meeting Chatura called for viraja and tell to researches on that mystery world.

After two weeks Viraja starts the research on mystery world. He starts research with the part of meteorite. He put it on a chemical mixture to identify the time period goes to travel to it. Viraja has identified the place It located.
